Latest Coutts update from the RCMP below. It appears that things have improved slightly since last night.

* At the Coutts main site, there is a single lane of traffic flow in each direction. There are approximately 25 vehicles parked in the second lane.

* At Checkpoint 10 (18 kms north of Coutts) – there are 170 vehicles at that location. Checkpoints that have been set up east and west of Hwy 4 also have approximately 30-50 vehicles at each location.

* There are 21 Cattle carriers with livestock at CP 10. Protestors are allowing those through and RCMP will expedite transfer to Coutts POE.

* Coutts POE is open and vehicles moving well in both direction. Last night, between 21:00 hrs and 00:00 hrs, 5 farm tractors cut off the highway in Coutts in both directions and then reopened it. This has occurred previously and RCMP engage as needed to open lanes for traffic.

* Alberta Sheriffs are engaged and have issued a number of tickets for Motor Vehicle Act offences at Checkpoint 10.
